

## Bridal & Special Occasions

With 20 years working with wedding parties, who visit us from all over the world, we have learnt that the most important part of the wedding is the bride. Our aim is to give the bride a memorable experience from start to finish. Using the best products for each individual bride. There is nothing more exhilarating than giving a bride the hair and make up she has dreamt of for her wedding day.

Keeping a happy bride assures a happy and relaxed bridal party. Our looks are versatile enough for everyone from mother of the bride to flower girl.

We can be with you the whole way through your wedding experience. From the first phone call to hair and make up trials, through pre-wedding preparations of tanning and nails, to the excitement of your big day.
